

## Window Stickers – Static-Cling Window Graphics by DecalWorks

At DecalWorks, our Window Stickers are digitally printed on high-quality static-cling vinyl. They attach firmly to the interior of windows through static alone, allowing for easy application, removal, and repositioning without leaving any adhesive residue.

**Minimum Order: £25 ex. VAT**

### Supplied in Sheet Format

Our Window Stickers are supplied in sheet format for easy handling and storage.

### Product Overview

Window Stickers, or static-cling window stickers, adhere to glass without adhesive, relying on static. They are suited for car windows, shop displays, office graphics, and temporary promotions.

Window Stickers are placed inside the window. Choose visibility:

- Outside (ideal for cars and shopfronts)
- Inside

Pick a material:

- Gloss clear vinyl (transparent background)
- Gloss white vinyl (white background)

### NEW! Double-Sided Window Stickers

We now offer **double-sided window stickers** that show a unique design on each side—one inside, one outside—using a **blockout layer** to prevent any show-through.

### Key Benefits

- Full-color, high-resolution print
- Strong static-cling hold
- Resists yellowing
- No setup or design charges

### Specifications

**Size:** 5 × 5mm to 1700 × 1170mm

**Radius corners:** Optional
